50X1-HUM	

1. In mid-December 1950, the Veszprem-Jutas (P 48/D 68) airfield was occupied by about 20 Soviet fighters which were parked on the northern edge of the field. Several Soviet soldiers were seen at the field which was used exclusively by the Soviets. *

2. [redacted] the field was occupied by a Soviet 50X1-HUM Air Force unit of about 150 men who had allegedly come from Szolnok (Q 48/O 38). (F-3) **

* [redacted] Comment. The information is believed to be correct. The unit is probably a Soviet fighter regiment which was reported to be stationed in Veszprem in April 1949. It was reportedly equipped with Yaks at that time.

** [redacted] Comment. If this information is correct, the unit must have been transferred in the beginning of 1948. According to an unconfirmed report Szolnok was occupied by a Soviet single-engine unit at that time. Since the summer of 1948, Szolnok has been exclusively occupied by Hungarian Air Force. The personnel strength is believed to be overestimated.
